PAA SPONSORS

PAA would like to thank our sponsor:

See you next year!
Preparing the annual meeting of the Population Association of America requires the time and effort of many PAA members and staff. The 2019 Program Committee issued a broad Call for Papers with 151 sessions covering 11 topics that invited submissions representing the diversity and interdisciplinary character of population research as conducted by demographers, sociologists, economists, political scientists, geographers, historians, epidemiologists, statisticians, marketers, survey researchers, and other health and social scientists. The 151 Session Organizers reviewed close to 4,000 submissions and faced difficult choices in selecting a small sub-set of submissions for the eventual 240 oral sessions. We are grateful for the dedication of all these Program Committee members and Session Organizers; their names are listed in the printed program and on the PAA web page. The outcome is a program of high scientific quality with contributions that demonstrate the breadth and vitality of our field.

The 2019 program has 14 invited sessions, including many organized by PAA committees. The invited sessions consider some of the most important population issues of our day, including several sessions on the rapidly-developing plans for the 2020 Census. The 11 poster sessions were organized by Noreen Goldman, with assistance from Theresa Andrasfay, Gina DelCorazon, Henry Gomory, Ian Lundberg and Federica Querin, as well as input from the many Session Organizers who recommended papers for consideration for poster sessions.

Following the successful test run at the 2018 meeting of “flash sessions”, this year’s program contains 13 such sessions. We are pleased that the PAA program is offering more diversity of session formats, and we believe this will provide some momentum toward more innovation in future PAA meetings.

For the first time this year, attendees at the meeting are asked to review and abide by a new PAA Anti-Harassment Policy. This policy specifies inappropriate behaviors that might occur at the annual meeting. This new policy is the outcome of deliberations by the PAA Board in late 2018.

The PAA meeting has become thoroughly international, as it should -- science transcends national boundaries. We regret that U.S. government policies have made it challenging for some international colleagues to attend. We offer our heartfelt welcome to all PAA attendees, including those from all over the globe; thank you for coming to PAA! A statement of inclusion and welcome to all population researchers is posted on the association’s website.

PAA is run by and for the PAA membership. We know there is always room for improvement and we will work with next year’s program co-chairs to continue to enhance the PAA annual meeting experience. Please join us and provide feedback in the membership meeting on Saturday. Also, consider sharing exciting moments from the meeting on social media #PAA2019.

The PAA’s small, but mighty, staff has ensured our meeting is a success. Danielle Staudt, PAA’s Executive Director, deserves many thanks for managing all the conference logistics. Bobbie Westmoreland, Program and Education Manager at PAA, completed her fourth year managing the process of constructing the annual meeting program; her labors were indispensable. You will see Bobbie and Millicent Minnick facilitating the poster sessions over the next three days. Cristian Rodriguez (Asyst Informatica, Santiago Chile) managed the conference software Pampa. His dedication from May 2018 to the present ensured that a challenging and time-consuming transition in conference software proceeded successfully. We also thank Francesca Morton, Finance and Meeting Manager -- Francesca has ensured that the registration runs smoothly and has facilitated a great set of member-initiated meetings. We also welcome Betsy Alafoginis, PAA’s Communication and Membership Manager, and look forward to her contributions to our vibrant organization. Finally, we are grateful for the assistance we have received from department colleagues and staff at our home institutions: Ohio State University (Institute for Population Research) and Princeton University (Office of Population Research). Repeatedly we have turned to colleagues and staff to take on one task or another. The program could not have been completed without their generous assistance.

The PAA meeting is truly a collective effort. Credit for a successful meeting goes above all to the authors of papers and posters, session chairs, discussants, organizers of the member-initiated meetings, and poster judges. Our field grows and advances with the amazing research that is shared each year at the PAA meeting.

I am pleased to announce that PAA members, friends and supporters continue to contribute to the PAA Fund and made 2018 another successful fundraising year. We raised almost $40,000.

Some of these funds have been given in honor of our mentors or colleagues, and some have been contributions. Regardless of the type of gift or the amount, we know the funds are being put to good use supporting congressional policy briefings, expansions of Demography, and our international outreach programs. Donations also have supported activities that promote and enhance demographic data and research, educate the public, and improve the PAA’s outreach and member services.

The Honor-a-Colleague program continues to recognize those who have meant so much to our careers. If you would like to make your donation in honor of a mentor, colleague or collaborator, please do so. When gifts in honor of a colleague reach $5,000, the honoree will have his/her name, a short biography and the list of contributors placed on the PAA website. If you are thinking about starting a campaign to honor your mentor or your favorite PAA member, contact Betsy Alafoginis (betsy@popassoc.org). The 2019 honorees thus far are Gordon DeJong and William Mason.

Our 2018 Giving Tuesday campaign set out to raise $10,000 for the PAA Fund. Thanks to our members, we surpassed that by over 50% to raise $16,482!

Join those who have remembered PAA in their estate plans. Members of the Lotka Society are leaving a Legacy to PAA in their will or other estate plans that will help to ensure the future of the PAA while offering you some valuable tax benefits. Alfred J. Lotka is acknowledged as a founding father of both demography and ecology.

The PAA is an association of kindred spirits and long-cherished professional colleagues. We have gathered resources through this campaign so that the next generation of population scientists will look to the future with enthusiasm and confidence. Although the campaign has enabled us to greatly expand the depth and reach of our work, the PAA continues to rely on financial support. I hope that each of us will continue to do our part.

I thank all of you on the following list for your generous support of the PAA.

Sincerely,

John Casterline
